## Site Location Data Sheet

You will need at least one copy of this GLOBE *GPS Data Sheet* per GLOBE site. After making your field GPS measurements and averaging the position data, note your results on one of the GPS Data Submission Sheets, then submit your data to GLOBE. You can do this by accessing the GPS data entry page under the main GLOBE page (<http://www.globe.gov>) on the World Wide Web. You will be submitting the determined average location for each of your sites (Atmosphere, Land Cover, Biology, Hydrology, Soil Characterization, and Soil Moisture Study Sites and your school). The data submitted should be rounded to the nearest **0.01 minutes** as displayed on your GPS receiver.
