

Analyzing GLOBE Data With My NASA Data Literacy Cubes

Rosalba Giarratano, NASA LaRC/ADNET
Jessica Taylor, NASA LaRC

Lightning Overview of My NASA Data

**my NASA
data**

- Large compilation of resources dedicated to helping teachers of grades 3-12 teach Earth System phenomena using NASA Earth System data
- Lesson plans, mini-lessons, maps, graphs, interactive models, and tools

<https://mynasadata.larc.nasa.gov/>

Data Literacy Cubes

Several My NASA Data activities feature a **Data Literacy cube icon**.

These icons indicate the compatibility of My NASA Data content to be used with the *Data Literacy Cubes*.

Data Literacy Questions

National Aeronautics and Space Administration

Name: _____

Date: _____

Map Cube Questions

Keywords (add more words):

area	biggest value	Earth System
least	legend	most
		smallest value

- Examine**- What do the colors of the map tell you? Look closely at the map.
 - The color I see the **most** is _____.
 - The color I see the **least** is _____.
 - The (day/monthly/year) on the map is _____.
- Search and Find**- Where on Earth do you see this map?
 - What part of the world does the map show? (For example, country, continent, ocean, etc.) _____
 - Point to a spot on the map and color this circle with a crayon (or pencil) of a matching color to show the color in the spot on the map. 
 - The color in the spot I am pointing to tells me that the **area** on the map is _____.
- Analyze**- What do the colors and numbers on the map tell you?
 - The **color** on one end of the **legend** is _____. This means _____.
 - The **color** on the other end of the **legend** is _____. This means _____.
 - The **number** on one end of the **legend** _____. This means _____.
- Ask**- What information do you want to know about the map?
 - I want to know _____.
 - How _____?
- Connect**- How do the data connect to the locations on the map?
 - The place with the **biggest value** or number is _____.
 - The place with the **smallest value** or number is _____.
 - What locations share similar values? Why do you think these are similar?
- Assess**- What information can you identify on the map?
 - The information on the map shows _____.
 - What part of the **Earth System** is this information related to air, water, land, ice, living things?
