

Inquiry-based learning outdoors

Lenka Vlčková and Jan Blažek, GLOBE Czech Republic

More information on IBSE can be found on the website: <https://mass4education.gridw.pl/>.

In a section for teachers of this website you can download a handbook with theoretical background, tips on how to get started with IBSE and several lessons.

Materials are available in English and other languages including Latvian or German.

As a motivation activity at the workshop we used the outdoor education website

<https://lessonsingrass.com/>. The website offers a wide range of activities that you can view or download.
