GLOBE Coordinators at the Regional Meeting in Riga, Latvia, 2023

GLOBE KEEPS GROWING

Welcome Montenegro !

Welcome new coordinators in GLOBE countries !

GLOBE TRAININGS

Cooperation between countries

- Kyrgyz Republic – trainer from Croatia
- Lithuania – trainers from Estonia
- Slovenia – trainers from Croatia

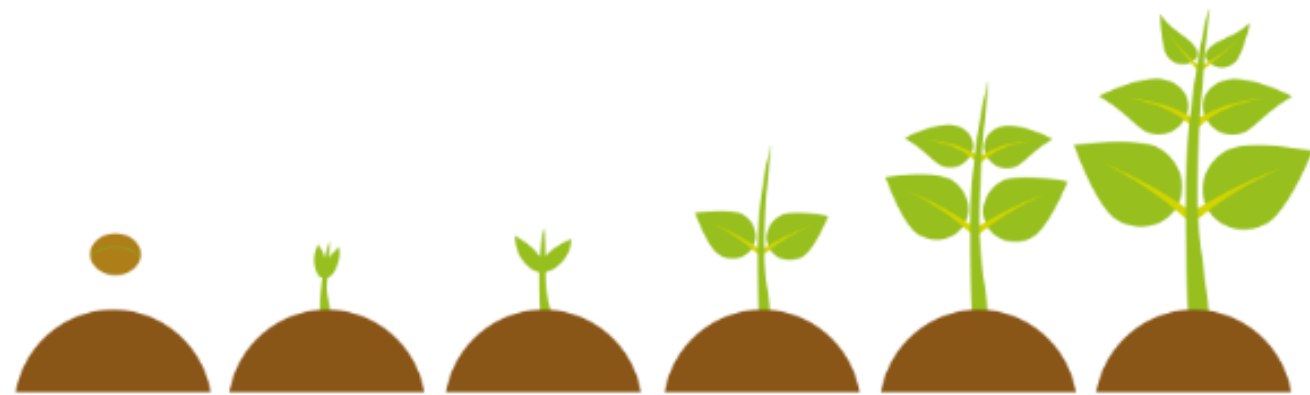

RCO – on-line training in Georgia

Community of GLOBE Trainers and Mentor Trainers growing

SPRING TREE CAMPAIGN

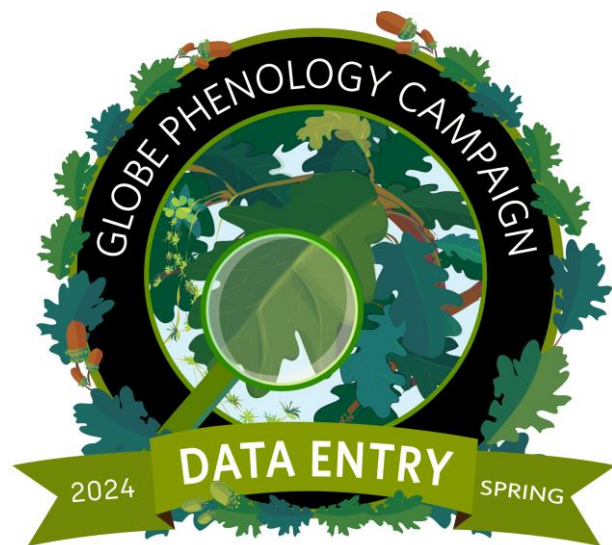

2016

2024

320 schools from 24 countries

2800 data shared
with GLOBE
community and
scientists

4500 students

AIR QUALITY COLLABORATION

Air Quality Collaboration Group (October 2024)

- GLOBE Ireland, Netherlands, Malta, France
- led by GLOBE Ireland and GLOBE Netherlands

The purpose is to support GLOBE coordinators engaging with AQ observations.

How:

- Sharing AQ Resources
- Sharing Information about Equipment/Suppliers
- Fostering International Collaborations for Students
- Hosting Student Meetings/Events
- Supporting Protocol Development

SHOWCASING THE BEST OF GLOBE ONLINE

- ★ 300 participants from 19 countries connected
- ★ 30 projects presented in various formats
- ★ scientists feedback to students

SCIENCE WITHOUT BORDERS

meeting of students bring new opportunities, students gain new experience, initiate school collaboration

FINANCIAL SUPPORT

RCO supports student's cooperation

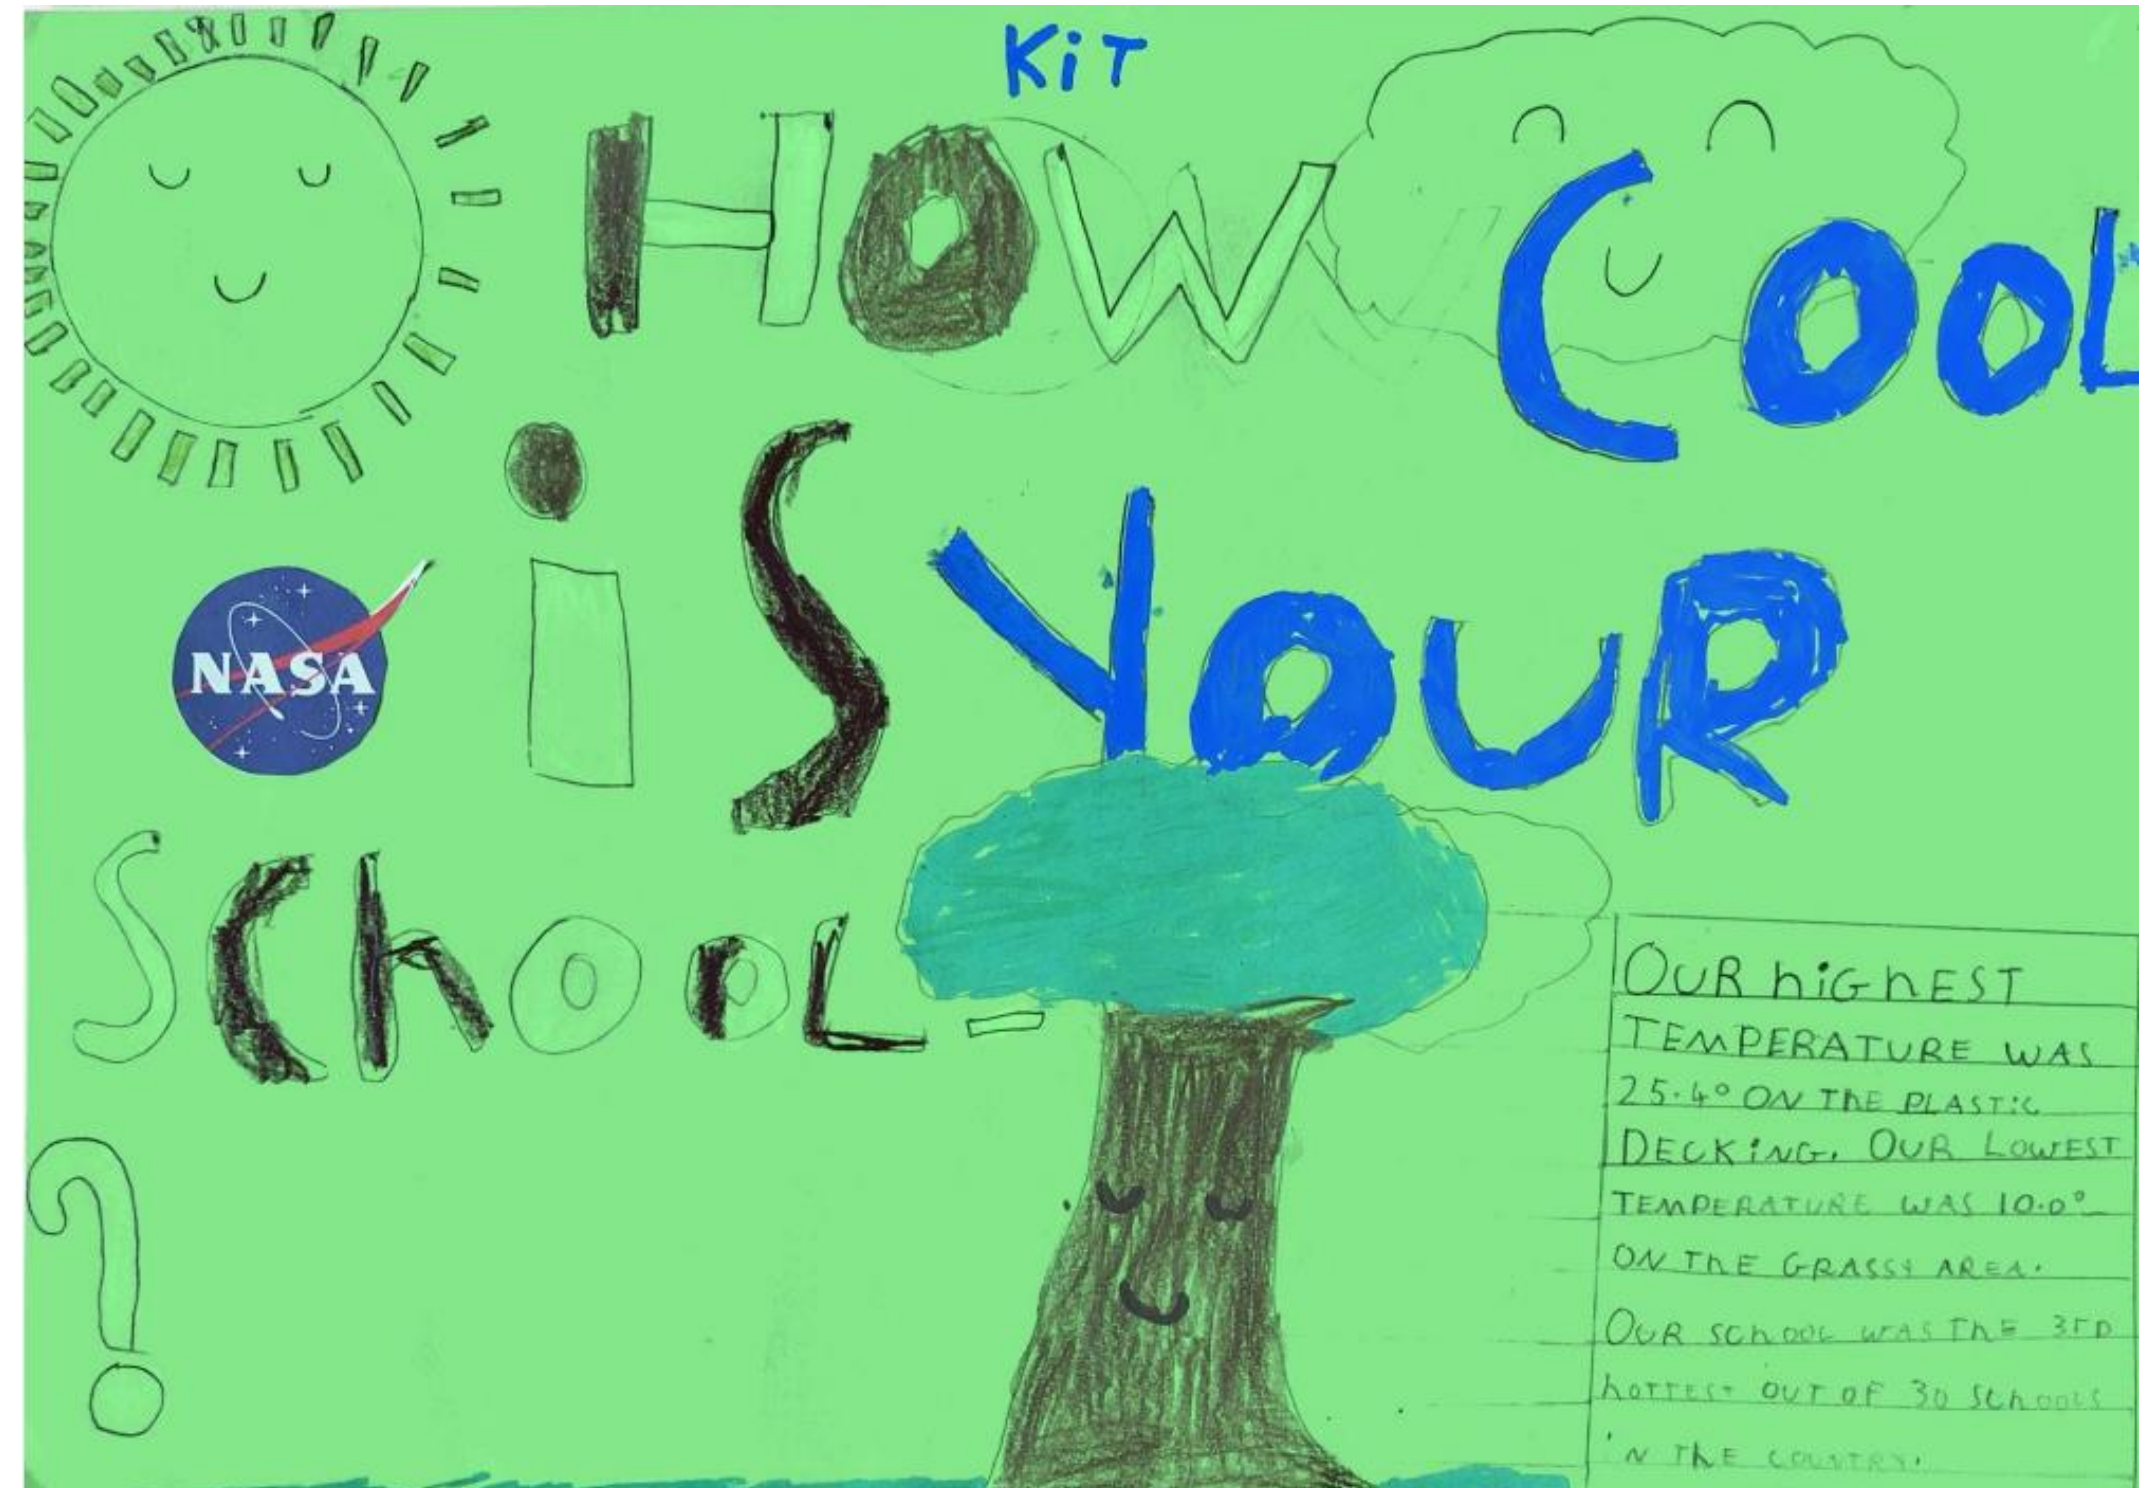

- Stipends to students to join the Student Conference in Mělník, Czech Republic
- Erasmus + call

FROM DATA TO ACTIONS

Students research and projects have impact on GLOBE communities.

Students actively presenting their findings to local authorities and try to initiate changes in their surrounding.

2024 GLOBE ANNUAL MEETING in FREDONIA

Climate and Resilience

Students from
Malta and Croatia

Coordinators, RCO - presentations
RCO - meeting with new GIO,
planning, discussions...

REGIONAL OFFICE JOINS EVENTS

Thank you for inviting us!

[These Israeli Students Are Cloud Chasers](#)

Students from across Israel engaged in cloud research this year, which culminated in a virtual end-of-year event aimed to provide students from about 50 schools with an engaging platform to present their research projects. >>

08/15/2024

[GLOBE Slovakia: Games Exploration Festival Brings Together GLOBE Students and Scientists from Slovakia and the Czech Republic](#)

GLOBE Slovakia teachers hosted a festival at their secondary vocational school in Svit. More than 120 GLOBE students (ages 7–17) and about 40 GLOBE teachers from different parts of Slovakia and the Czech Republic participated in the festival. Students and teachers connected with scientists and experts from eight institutions and universities. >>

[GLOBE Malta and Latvia: Collaborating to Inspire Young Scientists in Primary-Grade GLOBE Classrooms](#)

Students from Malta and Latvia just finished a year-long climate collaboration with a focus on cloud observations. The GLOBE teachers guided their students' study of cloud formations with a developmentally appropriate curriculum based on interdisciplinary learning—integrating science, arts, mathematics, cooking, and drama into their year-long study. >>

MORE INFORMATION

The GLOBE Program in Pictures

The cover of the "Europe and Eurasia 2024 Country Reports" document. It features the GLOBE PROGRAM logo at the top, followed by the title "Europe and Eurasia 2024 Country Reports" in white text on a blue background. Below the title is a photograph of a large group of people gathered in a courtyard in front of a modern building. At the bottom, it says "GLOBE Program Europe and Eurasia Region Coordination Office". Logos for NASA, NSF, NOAA, and the U.S. Department of State are listed at the very bottom.
