

How hot is your school? Students and teachers all around the world, GLOBE needs your help!

"Urban Heat Island Effect/Surface Temperature" Intensive Observation Period (IOPs) March 2024

**Study different surfaces at your school.
How hot is your playground? sports fields? or parking lot?
Does painting parking spaces at the high school make the
parking lot hotter or cooler?**

Submit your data to
GLOBE.GOV

More information:
